

Have questions about healthcare? **We're here to help!**

Connect Virtually with a Sutter Health Representative

Navigating healthcare can be confusing, that's why Sutter Health has created a personalized program to help employees with their healthcare needs. Our highly trained team is available to help you with the following:

Finding a primary care physician or specialist.

Providing information about local Sutter services, resources and facilities.

Delivering complimentary well-being education for employees, which includes new content on a monthly basis. [Sign up](#) for all Employer Program communications.

Enrolling in My Health Online, Sutter's online tool that connects you with your doctors and provides you access to your medical records.

Assisting in scheduling appointments.

Learning how to become a Sutter patient.

At Sutter Health, We Make Healthcare Simple and Easy

Learn more about our same-day care options, the importance of having a primary care doctor and more. [Watch this short video](#) for more information.

Your Family's Personal Wellness

View resources to support you and your family's well-being during the COVID-19 pandemic. [Learn more](#).

One-on-one consults with your local Sutter Health account manager are available on demand or by appointment. You can also email us anytime at EmployerProgram@sutterhealth.org.
